Chapter 155

第155話

Hey, Mamoru.

.....

.....

...cause less of a ruckus?

For today, wouldn't separately attending class...

The balance of the battle-field at Aitou Academy was lost due to 24's destruction last night.

Jesus, who was supposed to protect the academy, is currently injured as well.

Even though she personally clearly understands and accepts that, you're commenting on something you don't need to comment about.

...But hey...

Because of Haruka's foresight this time, there weren't any casualties, however, you could just say it's due to Haruka's existence right now that her classmates are being exposed to danger.

This time is different than before. Even though Haruka understood her place,

Also...

!?

it seems she's also managed to meet some nice friends.

ブオオオ

Meanwhile, we're to leave this to Needle and the girls who were left behind for cleanup.

At the moment, we're not to dig too deep.

……

...That said... It's painful, isn't it...

……

...And now...

...We can advance to the next step.

……

Isn't this Jesus's headquarters? Do you intend on having this talk inside a world-famous shop known for selling intel?

We can proceed with our talk, however...

...I see...

If that's it, then you're saying this place here's even safer, right.

Che...

Well actually,

he's not one to oppose etiquette concerning the leaking of customer conversations to other people.

It's easy to collect evidence too. If anything, you have a live encyclopedia right in front of you.

And also, if we're talking analogous intel, there's no other place that has more or is more accurate than here.

On that point by exchanging intel with Old Geese. I managed to reach an approximate answer

Its accuracy does not fall below 90%.

That's right. You and Jesus's bitter enemy.

The Transplant Connection's moves are becoming more active.

..What comes around goes around.

They are an existence called the "Connection", which is comprised of various crime syndicates that have gathered together.

And from that. they finally targeted Jesus. who had become an obstacle to them.

Nonetheless. a collective organization that large was completely destroyed by Jesus.

And the core of it all is because of this:

The degree of danger in Aitou Academy increases as well from that

Any more than this would have surpassed saturation level and would no longer be sustainable

Those guys up 'til now would abduct children from each country disassemble them and turn it into an organ transplant business

...Yeah... I know it all too well...

Basically, it's best if you understood it as if the efficiency of the trade had extremely deteriorated.

It became a hindrance to Jesus and the Elements Network.

These kinds of actions covered a lot of ground. however.

counter-measures for the police organizations of each country increased as well.

And from that, the grand scheme called "Dante 313" came to life.

That...

Even in that mess of a situation which we had no direct relation to, we still managed to not cause any casualties whatsoever!

[BLADE] evaluation

What's wrong?

Because of the Aitou Academy incident, our value is skyrocketing!

.....

It's not just our achievement, you know.

Well, it's 'cause of the Protector's supporters though.

And about the other thing, since it looks like you dealt with it ***privately*** up 'till the end,

it didn't leak within the Network, huh.

Note: It's good to note that when Igawa mentions the word "privately" the direct translation was "as if it was a private matter"

Geez!

Please stop it already!! That was just..!

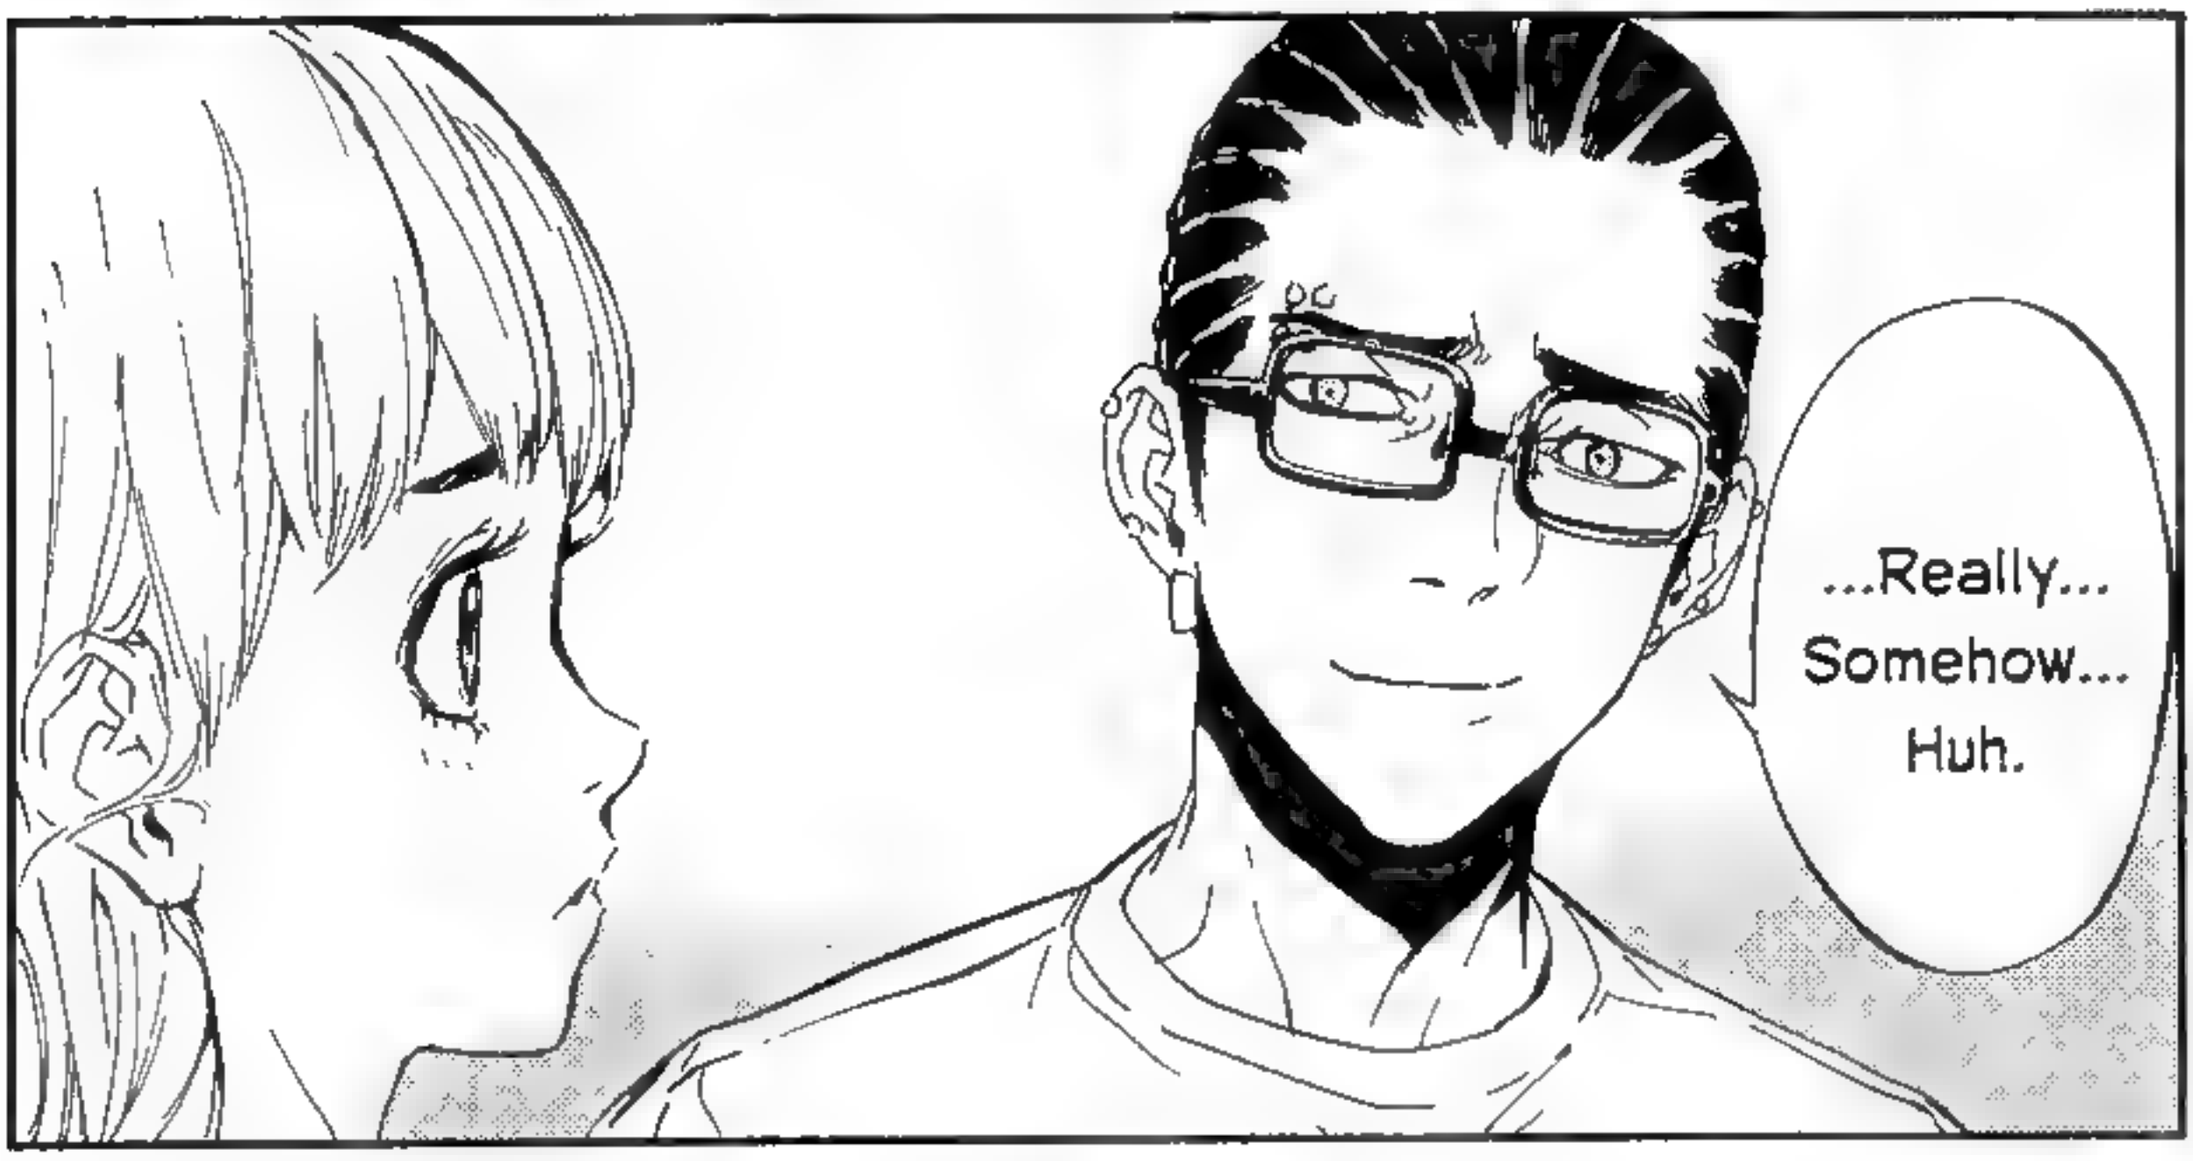
That was just me he.ping Mamoru-san to preempt.vely dodge unt.l the end...

That...

Hm?!

I only said I'd be willing to accept her if she doesn't change her mind by the time she turns into an adult.
Huh?! Did you really think I ha a choir
.....

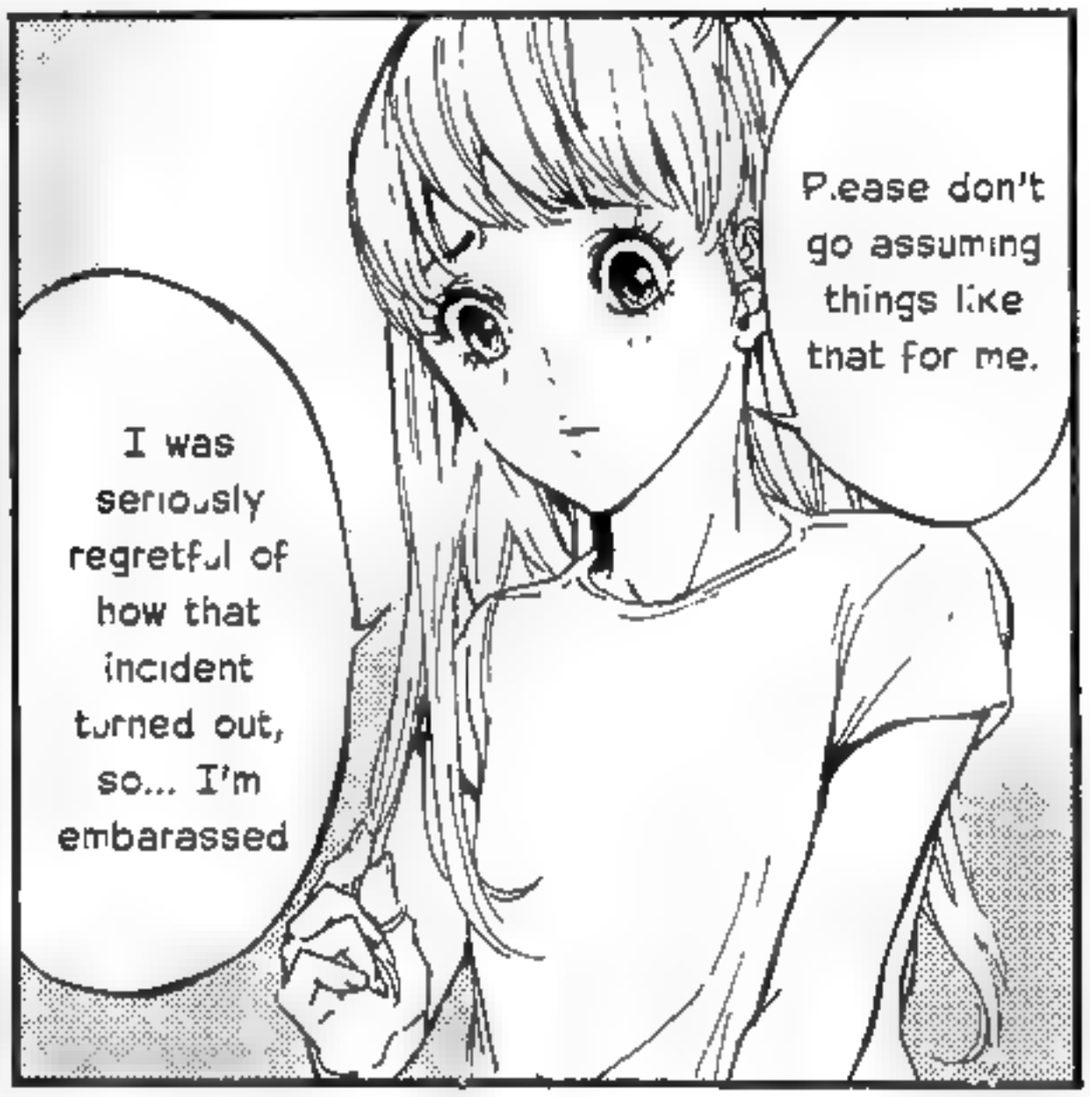
I didn't actually do anything to him, so..!
...Whaaat... It's not something to be so embarassed about.



...Really... Somehow... Huh.

Well Mamoru...
!?

.....



I was seriously regretful of how that incident turned out, so... I'm embarassed
Please don't go assuming things like that for me.

The dentist had it arranged, but since he was busy, he said Mamoru couldn't take any explosions under any circumstance.

Though he went out today as well, so.

Well, to him it's just an extra explosive condition.

He thinks a fairly delicate situation like an accidental trigger won't occur, but...

Chapter 156

...I know...

The recent battle was delayed since we ignored our strategy, however...

In a common fight like this, you're definitely gonna lose.

...The Black Unit...

A specialized task force belonging to the disputed Duhana country.

Very little other than the name of the group is known, however, their true abilities are considered to be on par with the Green Beret or the SAS.

...Of course, under the current condition, the possibility of surviving is zero, huh?

I'll ask.

Our demonstration last time.

You wanted to show your true ab.lities by total y hold.ng off against us, right?

See, if I don't get a satisfactory reply, I can't trust you.

Is it money? Some relation to the underground society?

Alright, so you're challenging us to the point where you're even putting your life on the line. How are you benefiting from this?

.....

It's Tooyama Haruka's release.

...Man, I don't get what you mean...

For that one girl, I will personally kill anyone you want dead.

If it's money, I have enough to support your whole life.

If it's true, from what I hear, are you planning on continuing to subordinate yourself to Galboa even though it would expose the Duhanian people to more danger than they are already in?

You're saying, "*Who should be the one dead? If you really catch my drift...*", right? You know I just can't ignore that, right?!

Why do you wanna protect somebody else's little girl that badly?

The Transplant Connection's "Dante 313" project is already starting up its first experiment within the borders of Dunana.

I think it's similar to you wanting to protect your own people.

Why'd you choose me?
...Hmm... Okay, then in the meantime, I'll ask you something else.
.....

However, only Turus would justify utilizing his own country's people as tools simply because he believes he's precious. That kind of bastard is even more despicable, right?
Of course, you're also a despicable human who doesn't think much about another country's people.

We don't hold back against our opponents with our choice of words either

You came to hear me speak honestly.

.....

...Now that's what I'm talking about...

However, I can't allow any discrepancies in our agreement.

You're to tell me who should be dead.

Talking here?

...Will this be alright?

死がふたりを分かつまで20

We're close. It's not a problem.

Don't worry. The only ones here are my dependable subordinates.

However, if you give me the wrong answer...

チャリ

チャリ

チャリ

.....

Colonel Zashid Turus.

Though also the backbone to the country's black ops.

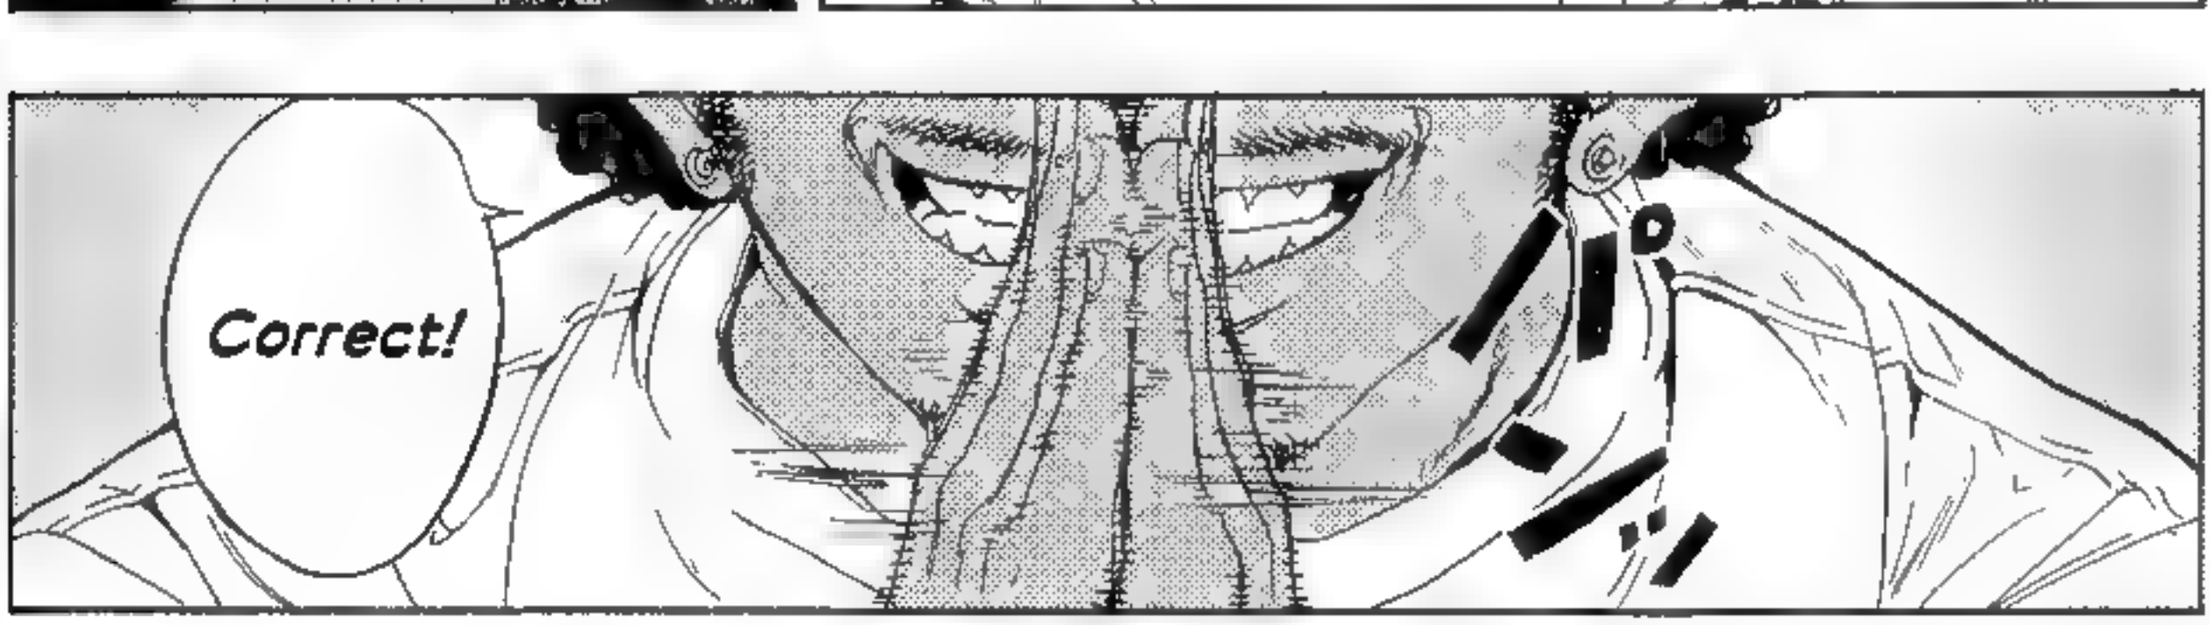
The substantial controller "hero" of Galboa and Duhana.

A person whose alias is called "*Mr. Dark Side*" in the underworld.

Gene Turus, your real father.

...In other words,

226 S
.....



Correct!

To Wiseman's so-called plan.
Alright, I'll listen.

...It's as you suspected...

.....

The Transplant Connection's new project is

This time, they are forcing them to give birth.

not about abducting people and disassembling them.

They kidnap women and impregnate them.

That's right. It's a place to churn out fertility.

That is called producing chicken eggs.

disassembling the fetuses and shipping them away.

That is African. They supposedly sell babies for food.

making an edible fetal jewelry, and that unmarked Chinese hospital

You should honestly just call it an inhumane factory.

Formally the situation is that the disputed Duhana country has been selected to be a vassal country to the Commonwealth of Galboa.

The one who decided that was Colonel Zashid Turus.

DUHANA

GALBOA

The Duhana side cannot stand up to that because it's a disputed country that's not recognized by the U.N.

Since their trade routes have been practically seized by Galboa.

However, Gene is currently not his successor.

Gene isn't all that amusing either That's because he differs from Turus in the sense that he's entirely on the black people's side.

Furthermore, Zashid plans to make one of them who survive their rivalry become his successor

In other words, our plan is to take advantage of that!

However you'll need to put together some hefty terms in order to be able to influence Gene.

Since if you don't wager your life on the line for him, he ain't budging.

..Hehe- he.. Of course!

So from my one proposal, we can get that to start happening. right?

I know.

...He's a bold one...

.....

Note: This is the bartender thinking, not Mamoru. This confused me, too.

This is such an annoying place we'd be a lot happier if we could just escape people from that disputed country on the edge of Africa even if it wasn't as developed of a country as ours

Just be a bit gentle

They will soon either be taken apart or thrown into some child porno

An extravagant man will be extravagant no matter where he is, huh?

We will now begin briefing

Attention!!

There isn't any time to put together a detailed strategy.

The details are unclear at this time, however, we must be quick with our mission.

You all need to take matters into your own hands depending on the situation at each spot. It's an extraordinarily tight mission

Condition: This time you'll all be separated into four units to search: Bravo Charlie Delta and Echo

If it comes to that pursuit will become difficult

Since finding them won't happen a second time the possibility that they may end up being killed is also high

I'm gonna kill 'em all!!

Except in a state of emergency, you are forbidden from using real bullets!

We will be using only our usual baton rounds!

I believe in the abilities of you gentlemen. I want you all to complete this difficult mission!

The arms they have at their disposal are superior as well.

These criminals justify their actions and have plenty of capital.

Yeah!!

Do not lose! Give these pieces of shit prison and let them repent!!

This safety bag can only transport two people.

You'll be safe in there.

All of you, get inside.

Alright... We'll definitely protect you.

Rest assured, just follow our lead.

...I'm fine when it's Tooyama Haruka, but honestly, it's always the scum that stand out.

Note- The exact phrase used by him is "to bear influence (over others)" This can imply that a person can be a leader over others (since leaders are influential and stand out). However, in his case, he says that it's always scum who become leaders and stand out.

Time to leave, Captain?

Yeah. Let's go.

.....

I'll start thinking about my severe punishment.

Yeah...

It ain't good for Captain to break protocol for himself.

...I hope that the day will come when that kid can recover from his heart-aches...

Hello fellow UDDUP readers. This is Nitori speaking.

As you probably do not know, our group is virtually dead.
Not in the sense that it's DEAD dead, but in the sense that
we basically have no more members remaining.

Looking at my roster, aside from me, there's the two leaders:
Jacqli and Laughmaster, however, they're busy with real life.
That leaves only StrawberryMochi, taketori, and Nelliel.
Respectively, one translator (she isn't quick though), one cleaner,
and one proofreader (she proofreads everything for us).

That said, because Kirei Cake is lacking staff,
I have decided to ignore all time-consuming redraws.

This means that two-page spreads and any overlay text
that would take a lot of time to work on, will not be redrawn.

If you, as a reader, wish to help out redrawing, feel free.
Just send me the final redrawn pages and I'll release them in a v2.
Otherwise, you're can join our group as a redrawer. That works too.

In other news, I do like donations, so if you want to give me a
Christmas present or something, feel free to donate :D.

This guy's a pretty keen detective...

Moving on from that, if someone were to arrange it so that this place would be the only one where no on-pursuit police cars would arrive...

.....

Ah..! Could he possibly be the defective I was informed of by India..?

...No way, a person who knew that, arriving ahead of time is...

Note: Genda's just pondering that the only way Juliet could've been here at exactly the right time was if she was a paramedic, since only they would have had the authority to alter police action.

...Could it be... Was my identity revealed..?

...I've got no choice then... Guess I have to give up punishing him this time, huh?

Well that doesn't matter anymore, does it? Since it looks like there aren't any injuries, us police will take it from here.

I must thank you for this degree of immense assistance.

Nah...

UUU G...

I still have some things to take care of with him.

But it's my issue.

This is bad..!

Hijikata?!

Mamo..!!

Ntor Gerda totally went, "WHAT THE SHIT?!" here LOL D

...Just what is happening...??

If I just arrested the man now, it would've been over! Why did he have to personally come and butt in?!

This guy... What is he plotting...?

Exactly that!

Are you planning to interfere with official police business?

Well then, get at me with all you got!

Isn't that straying pretty far away from your organi-zation's intentions?

I'm just doing something for freedom.

Very well!!

TAKASHIGE HIROSHI X DOUBLE-S

Hello fellow UDDUP readers. This is Nitori speaking.

As you probably do not know, our group is virtually dead.
Not in the sense that it's DEAD dead, but in the sense that
we basically have no more members remaining.

Looking at my roster, aside from me, there's the two leaders:
Jacqli and Laughmaster, however, they're busy with real life.
That leaves only StrawberryMochi, taketori, and Nelliel.
Respectively, one translator (she isn't quick though), one cleaner,
and one proofreader (she proofreads everything for us).

That said, because Kirei Cake is lacking staff,
I have decided to ignore all time-consuming redraws.

This means that two-page spreads and any overlay text
that would take a lot of time to work on, will not be redrawn.

If you, as a reader, wish to help out redrawing, feel free.
Just send me the final redrawn pages and I'll release them in a v2.
Otherwise, you're can join our group as a redrawer. That works too.

In other news, I do like donations, so if you want to give me a
Christmas present or something, feel free to donate :D.

Nitori out.

Chapter 160

There aren't any patrol cars passing by here.

I suspect he'll run alongside the floodplains when he hears the sirens.

POLICE

POLICE

POLICE

POLICE

POLICE

wouldn't that Ebata show up?

If that's the case, if you were to keep on the lookout around here,

Deliberately taking that formation would leave him only that path to escape.

This means the police aren't dumb either.

Eh..?

...A lure, huh...

Moreover on a wide [illegible] they will surely be able to put him down right?

We require another person to help us attack

Hmm?

Then It would be dangerous for us to directly jump in there wouldn't it

Juliet

I'm planning to set a trap for the bait

So she's taken the initiative has she?

She's a clever girl

Eh? What do you mean?

Do I seem like someone who would crack a joke like this?

If that's it, we really have no choice but to jump in at the actual spot then

...You... Are you serious?!

No.. That's..

You're right...

But it's my issue.

Letting the criminal run...

Fucking "my issue"... What the hell is he up to?!

It can't attack, but, it can soundlessly follow a target that's been locked on
The footage it gives can be converted, so that even Mamoru is able to review them

That said, **my Christmas wish** is pretty simple (for those who don't bother reading our release posts):

I want more people to chat in our IRC.

Recruiting members isn't exactly a top priority so to speak, since I don't mind going the extra mile for you all.

It's just, I'd like if more people could come chat with me and the others. It's kinda boring with the same peeps.

Though, I like donations too ;D

Chapter 161
第161話

Even if it means doing this would totally stain Mamoru's hands..?

...Is this really okay?!

And next time especially, he'll probably go full-sail causing real victims...

However, after all, this bastard did commit yet another crime!

Although his most recent attempt failed, he'll just be released from prison a few years later...

TL Note: Igawa says "some years later", because he himself is not sure how long Ebata will be in prison for

SHIT..!!

...If that happened... I would...

If that happened, I'd never be able to forgive myself!

There's the possibility that the next victim may even be our Haruka!

Igawa-san...

.....

Is this really... okay?!

Note: This all sounds like Igawa's exaggerating, but if you think about it, when Ebata is freed later on, he would know that Mamoru had threatened him and he would attempt to seek him out and screw him over (i.e. Haruka)

It's not something unnecessary!

It's a very important issue!

HARUKA! I THOUGHT I TOLD YOU NOT TO SAY ANYTHING UNNECESSARY THIS TIME!

This is a matter of Igawa-san's personal feelings!!

Supposing there wasn't a reply and Mamoru-san decided to take matters into his own hands, would that be alright even if that may leave Igawa-san with regret?!

Well then, decide, right now,

what you want to do with this fucker.

see

...

!!!

I'm pissed that I have to hand him over to Huikata, but, it's only 'cause Igawa's been of magnificent help to me.

I guess I'll hide myself for now.

...No choice then...

Seriously... That sorta thing...

カツン

カツン

This is Igawa's own personal issue.

We-have-no-choice, right?

Didn't you hear what he said?

No matter how he made his decision, I do not possess the qualifications to criticize it.

It is upsetting that we were not consulted with in any way, but...

He probably didn't want us to get involved, no doubt.

So that guy's here, is he?

Wha-

!?

My issue is with Hijikata and Ebata.

If you interfere, I'll arrest you as well!!

Don't get in my way, Elements!

BITCH!

.....

The police organization is involved as well!

The people involved with an incident aren't just the victims of the crimes!

1F

Ah–

IF you just stay silent and watch, you'll overlook what'll happen.

ﾌﾞｰﾝ

ﾌﾞｰﾝ

ﾌﾞｰﾝ

Mamoru!!

My bad, but, I no longer have the time to wait.

……

I'm going to finish this prick.

……

Just because I choked the neck of a single little girl.

W-What the hell!

Why do I have to suffer through all of this?!!

DID YOU SERIOUSLY EXPECT ME TO FIND A

...WHAT WOULD HAPPEN TO A COMPLETE STUPID LITTLE GIRL

IT'S NOT LIKE I ACTUALLY KILLED HER OR ANY-THING!

JUST BECAUSE I WAS A BIT ON EDGE.

That good? Huh?

If you can overlook that, I'll give you 150 thousand!

Anyways, I'll tell my father and he'll give you the money, so...!

MA-
MORI-
SAN-

STOP!!

.....

...Don't kill him.

...In my mind, the best retribution is...

...not allowing that asshole a second chance outside of prison.

Not being able to do what one wants and not being able to do what one likes,

instead of spending the best moments of their lives in freedom, they should all spend the majority of their lives in prison until they become old.

Isn't that basically enough of a living hell?!

...

...That is... Extreme...

Eh..?!

ALRIGHT.

I said, alright.

I knew this guy was total scum, however...

You're turning completely rotten yourself, aren't 'cha?

Yeah.

So you heard this asshole's bullshit, right?

I'll hand him over to ya.

I thought I'd beat the sh't out of him and kill him, but,

But, not now.

...Enh...

Well then, I'm just going to inquire,

For what purpose does the "police" serve to exist?

That won't happen!

I will not associate with your lynching beyond this! I am a damn police officer!

TL Note: Specifically, "You bastards' lynching..." Genda doesn't mean JUST Mamoru, but the others also

.....

Is this man here a law-abiding citizen?

...The sake of our law-abiding citizens!

Painful position to be in, isn't it?

Shut up!

I am a police officer!! I don't want to be told that shit by some criminal who murdered his own master!!

Clearly, since we cannot recognize the rights of a murder victim, the law exists to protect this living low-life!

But regard-less, law is law!

What are you really trying to say?!

Note: Gendo means that Kaoru has to remain alive in order to be tried for his crimes. Maemi here is questioning Gendo's ethics as a police officer and criticizing him.

That is what I had planned from the beginning!

Anyway! Did you seriously expect me to let criminals go free?!

Well then, let's have a match!

If I win, I'll take this guy with me. If you win, you're free to arrest both me and this fucker.

Let's go.

...So he plans to win in a single slash, does he...

TL Note: No subject was specified by Genda, but it is very likely that he was talking about Mamoru's game plan.

Very well... The outcome shall be determined by the swiftness of our long sword execution.

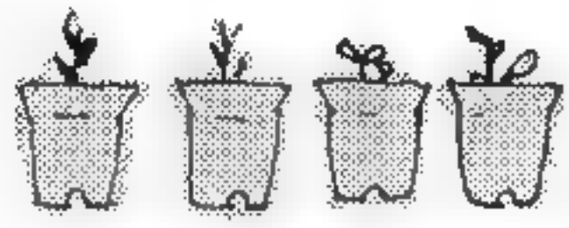
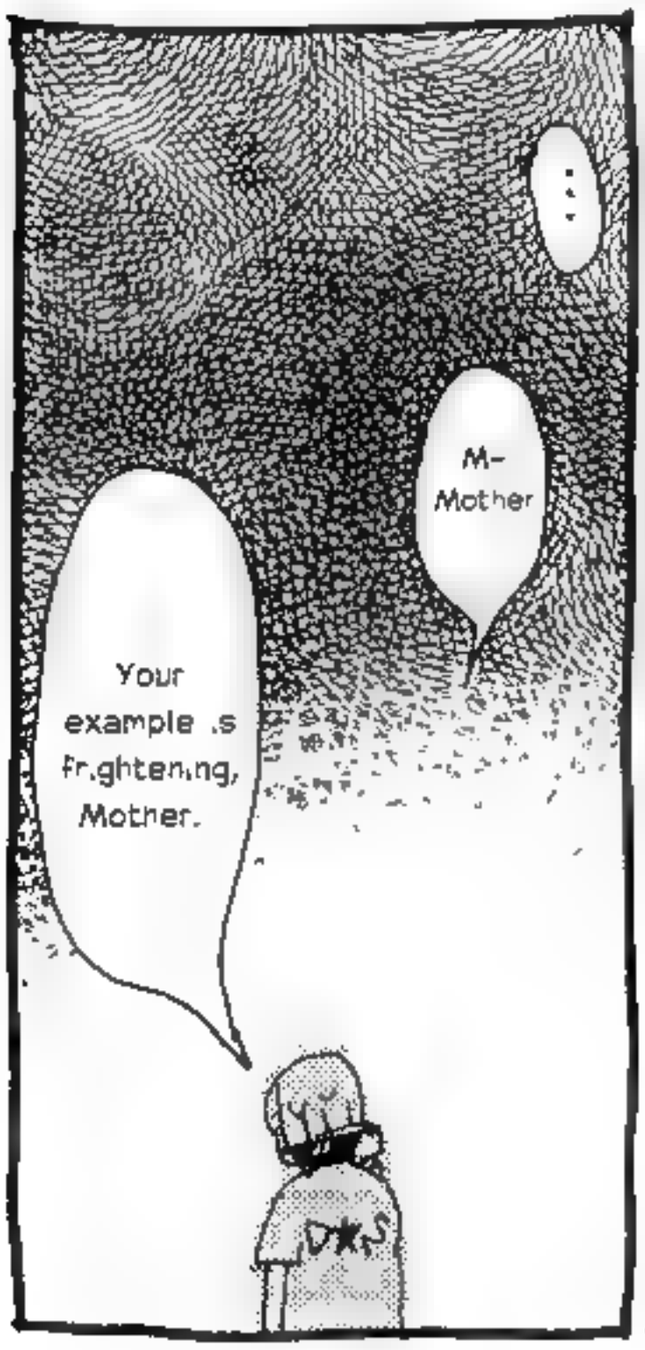
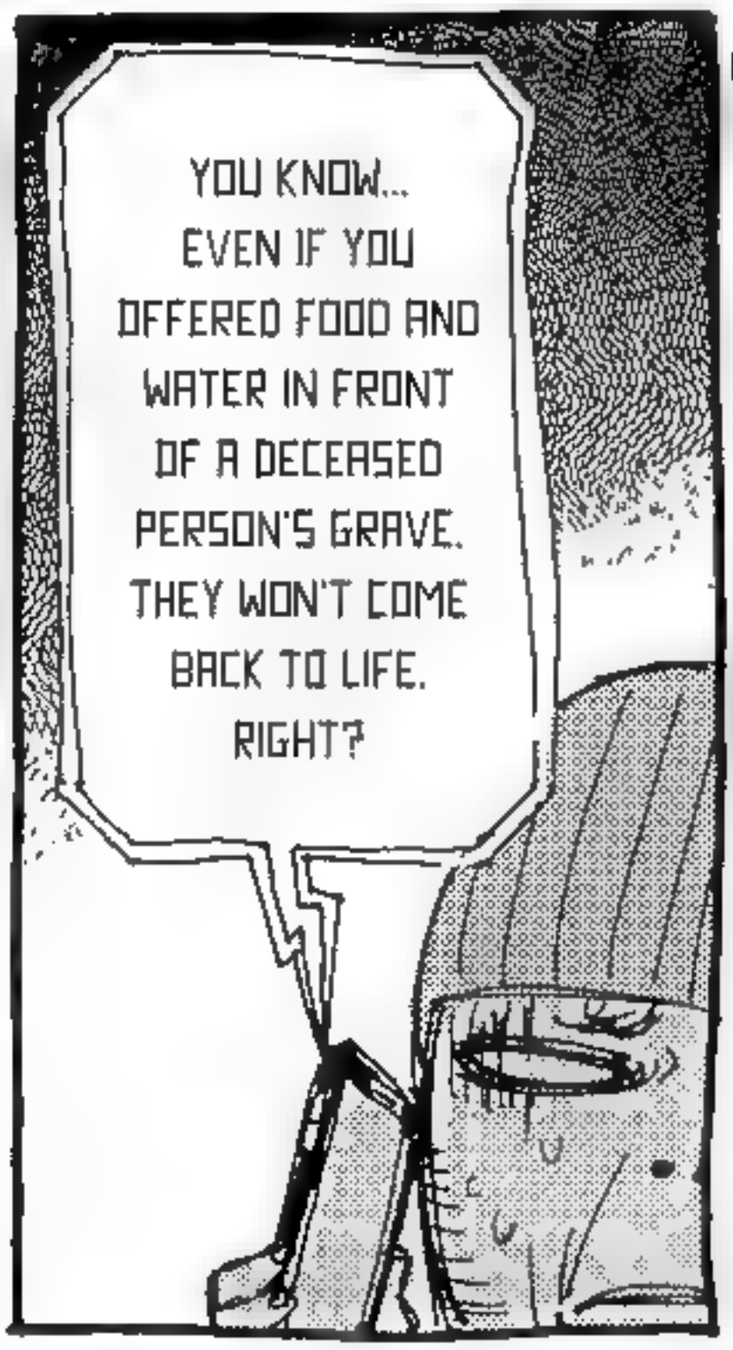
おまけページ

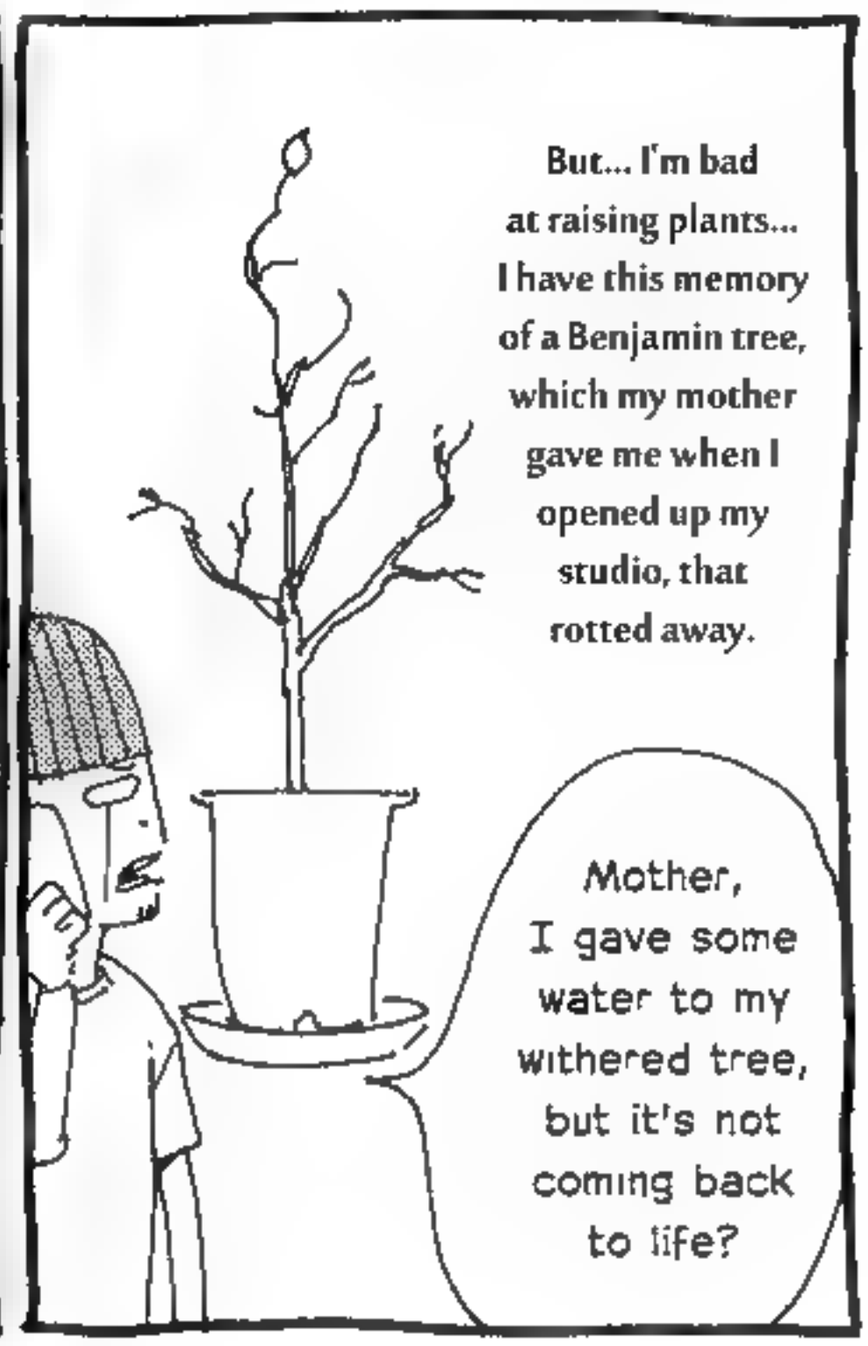
Omake Page

My acquaintance
gave me rosemary
and apple mint
herbs as a present.









But... I'm bad at raising plants... I have this memory of a Benjamin tree, which my mother gave me when I opened up my studio, that rotted away.
Mother, I gave some water to my withered tree, but it's not coming back to life?

Aloe died.

Mint died.

Cactus died.

Some flower... died.

Thing I got from my Pops.
(It looks pretty tall to me)

I have tons of failed experiences with other plants aside from those, as well.

And... A few days later.

I placed the ones that survived on a high place so that I could prevent them from being attacked by the cat.

Reality is, although I got four herbs this time, one of them already died...

My bad.

Ah-

Seems like you can taste the apple from apple mint leaves!

Ate all of them

Don't eat them!

The studio became Amazon-like!

Ohhh!!

Please stop making up lies!

Even though I gave them nothing but water, they grew unbelievably rapid! The scenery of my studio changed completely! So, the survival ability of the rosemary and the apple mint was really high, then!

We now have **one** new proofreader.
That's about all we got, really.

taketori has "graciously" offered to do the redraws for the OMAKE (as opposed to all the other redraws), so we're still not planning on doing any time-consuming redraws for now.

That said, we're still recruiting.

If you want to lend your hand in any way, please feel free to apply and help us out. We will welcome just about anybody.

In other news, we would still like to have more people to chat with, so if you like chatting and want to join a channel that's really fun, join us at **#cake @ irc.irchighway.net**!

P.S. I like $$$. Donations are highly welcomed ;D.
